Do you want to learn something new in 2024? Grab a friend and join Becky to learn how to create a finger knitted, (no needles), chenille (100% polyester) lap blanket in the basic knit stitch style. Not sure what that means? No problem! This is great for beginners and no tools or experience in knitting or crocheting is necessary.

****REQUIRED for class** :**

Please purchase your 5 or 6 jumbo size yarn ahead of time and bring it to class with you. Below are some suggestions on quantity and what to purchase.

The number of skeins varies depending on the size of stitch you make. You will need a minimum of 4 but I highly recommend grabbing one or two extra so you are guaranteed to finish your blanket. You can always return what you don't use.

Where/what to purchase,(all of these options are machine washable, choose only one option):

Hobby Lobby – Yarn Bee Eternal Bliss – 5 or 6 skeins

Amazon - <https://amzn.to/4adiS6A> - 8 pack

Michaels Craft Store- Bernat Blanket Big- 5 or 6 skeins

*Save money and buy the Bernat Blanket Big Pro-Pack, 12 skeins (share with friends!)

Joann Fabrics- Bernat Blanket Extra Thick- 3 skeins (not to be mistaken for the Bernat Blanket Extra which is too thin)

If you have any problems or questions regarding the yarn to purchase, please contact Becky directly at becky@bkcustomsd.com or through Facebook:
